

## The new way to work together.

## Enterprise-class collaboration, presence and real time communications for your mobile workforce.

FUZE is a new online meeting service that bridges the gulf between the office and mobile devices. Now you can collaborate with your clients and teams instantly to and from anywhere.

- ▶ Meetings conducted from your mobile device
- ▶ High-impact presentations using HD quality images, docs and video in full sync
- ▶ Secure and easily integrated into enterprise environments
- ▶ Easy to use and universally compatible with any device or platform

## Features & Benefits

### High-Definition Collaboration

- ▶ High-definition, web-based collaboration
- ▶ View and collaborate on videos, graphics, documents and other content in high-resolution
- ▶ Patent-pending synchronization technology keeps participants' content synchronized with the presenter
- ▶ No hardware or software to purchase or download

### High Fidelity Audio Conferencing

- ▶ High fidelity audio
- ▶ Web, mobile or phone-based conference controls for host

### Mobile Device Compatibility

- ▶ Start and manage your audio meetings from your iPhone, BlackBerry or Windows Mobile device

### Security & Reliability

- ▶ Encrypted using 128-bit SSL
- ▶ Single session tokens ensure meeting content is secure at all times
- ▶ .9999 uptime and unsurpassed scalability

### Universal Computer Compatibility

- ▶ Runs on all Internet browsers
- ▶ Works with all operating systems
- ▶ PC, Mac and Linux compatible

### Enterprise-Class Messaging

- ▶ Conduct secure, private chats with other FUZE attendees
- ▶ Presence integrated to see where your attendees are communicating from

### Easily “Fetch” Attendees into the Conference and Control the Experience

- ▶ Simply click to bring an attendee straight into a live conference

### Sync with Your Contacts and Calendar

- ▶ Schedule conferences and send invitations right from FUZE
- ▶ Click from email invite to add meeting to your Outlook calendar

### Consultation & Training

- ▶ Learn how to maximize the features of FUZE with private training
- ▶ 24x7 support available
